Dear Mr. Rykes,

Thank you for a copy of the letter written to Government from the WCTA of January 06/2020.

As MLA for the riding of Cariboo Chilcotin I am well aware of all the concerns you have addressed.

As you are aware, I have written many letters to the Provincial Government requesting public meetings with full transparency.

Working together on land use issues which our economy and way of life are determined we will continue to live in peace and harmony.

I look forward to receiving responses you receive from those Governments in power and will continue to work as best I can on behalf of all.

Yours truly,

MLA Donna Barnett, Cariboo Chilcotin
